EXPERIENCE

Rhodes State College

IT Help Desk

January 2024 - May 2024

IT Help Desk Technicians provide answers to customer and employee questions. Typical duties are diagnosing problems, documenting conversations, taking calls, and solving complex incidents.

Finishline

Supervisor

May 2022 - Current

I contribute to the store's success by overseeing daily operations, customer service, and personnel development. I manage tasks such as inventory control, stockroom organization, point-of-sale transactions, and visual merchandising. In collaboration with store management, I implement changes to enhance performance and actively train and coach associates. My role involves ensuring accurate inventory results, meeting sales targets, and upholding company policies.

T.J. Maxx

Backroom Associate

July 2021 - December 2021

Organizes a retail store's stock room and ensures merchandise makes it to the sales floor. Job duties include receiving deliveries, unpacking and inspecting merchandise, tagging items for inventory control purposes, and organizing items for quick retrieval.

EDUCATION

Rhodes State College, Lima, Ohio

Associates in Web/Computer Programming
